
Car [GPS Jammer](#)/Blocker [J-0035B]

This is a Car [GPS Jammer](#). Prevent car of government, intelligence agency, famous person, principal etc. from being tracked. This device doesn't affect navigation device which installed on other cars.

Plugs into lighter socket and begins working instantly. The GPS blocker prohibits all GPS-enabled device from tracking your current location. It has high gain removeable jammer antenna.

Main Features:

- Interception Frequency: World GPS satellite special channel L1/L2
- Power Source: DC12V
- Consumption Current: 150mA
- Working Temperature: 90
- Output Power: 2mV
- Specification of Fuse: 10A
- Range of Interception: Radius 2-5 meters in car(with antenna)
- Antenna: Full tropism antenna
- Output Port: GPS
- Jamming Range: 15m(Depending on the strength of the net)
- Size: 90 x 25mm / 3.5 x 1in(L x Dia.)
- Output Frequency: 1560-1580MHz

Specifications:

- 1.Prevent rented-car and landed-car from being tracked
- 2.Prevent car of government, intelligence agency, famous person, principal etc. from being tracked
- 3.This device doesn't interference mobile phone and other wiring (electronic device)
- 4.Prevent car from being tracked
- 5.Prevent people from being tracked
- 6.It adopts the technology of interdiction and interposition code, so will intercept the signal of satellite and break it completely
- 7.It can be used directly as long as you insert it to the smoke-lighted device on car
- 8.This device doesn't affect navigation device which installed on other cars
- 9.Small volume, carried easily, and international use

Technical Point:

- High frequency with wide band, small disturbing technology, high effective power
- Small size, easy to take, low usage power
- It adopts the technology of interdiction and interposition code, so will intercept the singal of satellitc and break it completely

Package Included:

- 1pc Car GPS Jammer/Blocker [J-0035B]
- 1pc Manual

NOTE:If the jammer cannot work or has other abnormity situation(such as the LED light is offetc), don't maintain or refit without any permission
