### Product Description

Use area

Biggest prison, bigger ground, battalion as well as illegal congregation, illegal demonstration, military rehearse, special action etc and this kind of jammer with big direction antenna which can be put on a car and it uses 9U or 12U standard tank and easily operates safety.

Output Power: Up to 900 Watts

Range jamming: 250m to 500m (At standard environment)

Internal Modulation: FM Hopping Frequency and Sweep

Power Supply: 220V AC/ 12-27V DC

Sweep rate: Fixed

Remote Control: ON/OFF per band

Antenna: External Omni-Directional Antenna

Power Amplifier Protectors: Over Heat, Thermal protector

Jamming Frequency Range

Frequency Band: 80-2500MHz, Full band jamming, all the RF Signal

Environment of operation

Operating Temp: -10 C - +65 C

Humidity: 5% to 80%

Technical Specifications

And as for band 20-3000 mhz, we always make it as following

20-80 mhz

80-200 mhz

200-500 mhz

500-800 mhz

800-975 mhz

975-1450 mhz

1450-1925 mhz

1925-2400 mhz

2400-3000 mhz

3000-6000 mhz
