
SFC15 Strong 3G [Cell Phone Jammer](#)

SFC15 has enhanced output that creates more powerful signal. Thanks to the improvement this strong GSM jammer can handle all kinds of cell phone networks and even small cell phone towers, and, of course, 3G band. It has wider working radius so your abilities to deal with wireless threats will be even more widespread when this product is in your hands.

SFC15 is the most powerful handheld mobile signal jammer among our products which designed to help you avoid being tracked by the government, prevent eavesdropping of your phone calls, exposure of your private data, and so on. It also helps to avoid any possible 3G frequency threats which are quite topical these days, so while you use SFC15 you are completely safe from all those dangerous things.
